The Power Behind the Powder

Key ingredients

BLOOD ORANGE EXTRACT

Supports skin health and helps counteract hyperpigmentation*

Obtained from the juice of three pigmented varieties of Sicilian blood oranges—Moro, Tarocco, and Sanguinello—grown exclusively in a particular area surrounding Europe's most active volcano, Mount Etna.

Anthocyanins, flavanone, hydroxycinnamic acids, and ascorbic acid give it antioxidant powers with a natural citrus flavor.

The boosting powers:

- May reduce oxidative stress*
- Help reduce skin sensitivity*
- Support healthy glutathione levels*
- Counteract skin hyperpigmentation (melanin production) and photoaging (sun damage)*

NATURAL B COMPLEX

Maintains healthy energy levels and cognitive function*

Derived from dried quinoa sprouts, this vitamin B complex includes thiamin (B1), riboflavin (B2), niacin (B3), pantothenic acid (B5), pyridoxine (B6), biotin (B7), folate (B9), and cobalamin (B12).

The boosting powers help:

- Support healthy cognitive aging*
- Support a healthy nervous system*
- Contribute to normal physiological function*

PREBIOTIC FIBER

(organic agave inulin and soluble tapioca fiber): Supports healthy digestion*

Agave inulin is extracted from the Agave tequilana plant, which is indigenous to Mexico. It belongs to the family of fibers known as fructans, which have prebiotic benefits.

Soluble tapioca fiber is derived from tapioca starch, which comes from the edible roots of the cassava plant.

The boosting powers help:

- Support a healthy immune system*
- Support healthy digestion*

MARINE MAGNESIUM

Provides 70+ trace minerals

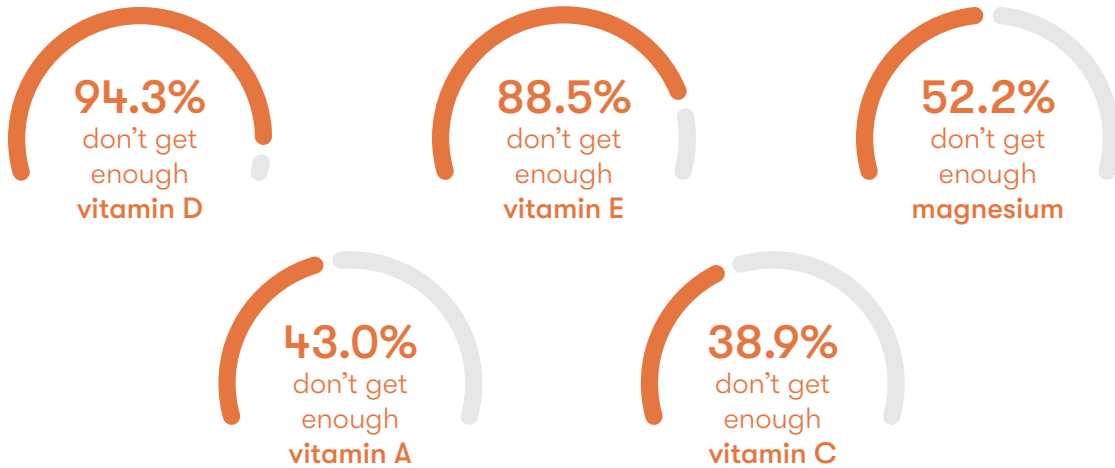

Magnesium is a multitasking nutrient that helps with many processes in the body. Pairing magnesium with fruits, vegetables, and whole grains is a powerful combination.

The magnesium in Inner Boost and Balance is a highly bioavailable source of magnesium, meaning it is more easily absorbed by the body. It is harvested from the clear waters of the Irish Sea and contains more than 70 trace minerals.

Why You Need a Multivitamin Boost

According to the CDC, only 1 in 10 adults meet the daily recommended fruit and veggie intake.*

As a result, many Americans don't get enough essential nutrients from their diet alone. For example:

*The National Institute of Health's NHANES 2007-2010 survey of 16,444 people 4 years and older.

What is the market demand?

- The global vitamin supplements market size was estimated at \$48.51 billion in 2022 and is expected to grow at an average rate of 7.3% per year from 2023 to 2030.
- 42% of U.S. adults prefer food and drink that support both mental and physical health, indicating a shift toward holistic wellness.¹
- 61% of millennials consider managing their mental well-being a high priority.²
- Over 30% of U.S. consumers are interested in digestive health remedies that also strengthen their immune system, increase energy levels, or reduce stress.³
- Hair, skin, and nail health is a \$1.4 billion market and growing.⁴
- Two of the fastest-growing form factors in the wellness industry are drinks and powders.

A. Take Inner Boost and Balance once daily for the best results.

Q. Is Inner Boost and Balance vegetarian and/or vegan friendly?

A. Inner Boost and Balance is vegetarian friendly.

Q. What is the best liquid to mix with Inner Boost and Balance?

A. Mix it into 8 ounces of water or juice of choice. We recommend mixing it with our NingXia Red® superfruit drink for a simple, delicious wellness mocktail.

Q. When is the best time of day to take Inner Boost and Balance?

A. Take it any time of day—before a workout, during an afternoon slump, or while on the go.

Q. Should I take Inner Boost and Balance with or without food?

A. Inner Boost and Balance is best when consumed after a meal.

Q. Are companion products available?

A. Yes! Ningxia Red drink, Inner Beauty™ Collagen, Daily Prebiotic Fiber™ powder, and NingXia Zyng® beverage are all excellent companion products that complement Inner Boost and Balance.

Q. What are the primary benefits associated with Inner Boost and Balance?

A. Inner Boost and Balance helps fill nutritional gaps, support healthy energy levels, and support a positive outlook while supporting skin health, all in a convenient multivitamin stick pack.*

Q. How many servings are there per package?

A. There are 30 stick packs included in each pouch. Each stick pack is one serving.

Q. How is Inner Boost and Balance different from Master Formula™?

A. Although both products provide multivitamin benefits, Inner Boost and Balance is meant to provide a boost of wellness support rather than a full day's value of vitamins. The best part is you can use them together!

Q. Is the packaging for Inner Boost and Balance sustainable?

A. Inner Boost and Balance comes in pouches made with less plastic than rigid plastic bottles, contributing to our sustainability efforts.

Q. Are there any ingredients containing gluten in Inner Boost and Balance?

A. No gluten-containing ingredients are used in Inner Boost and Balance. This product may be manufactured in a facility that uses gluten in other product formulations. Though other products that contain gluten may be processed in the same facility, please rest assured that according to CGMPs (current good manufacturing practices), the machinery is cleansed and sanitized between productions to prevent contamination. If you have additional concerns about the use of this product, we encourage you to speak to your health care provider.

FAQ

Q. Are corn-derived ingredients present in Inner Boost and Balance? Are they non-GMO?

A. While none of the ingredients in Inner Boost and Balance are specifically corn derived, corn derivatives may be used to process individual ingredients. If you have additional concerns about the use of this product, we encourage you to speak with your health care provider.

Q. Are soy-derived ingredients present in Inner Boost and Balance? Are they GMO?

A. Vitamin E (d-alpha tocopheryl acetate) is derived from GMO-free soy. If you have additional concerns about the use of this product, we encourage you to speak to your health care provider.

Q. Are ingredients derived from palm/coconut present in Inner Boost and Balance?

A. Vitamin A (as beta-carotene) contains medium-chain triglycerides, usually derived from coconut oil. If you have additional concerns about the use of this product, we encourage you to speak to your health care provider.

Q. Are ingredients derived from tree nuts used in Inner Boost and Balance?

A. Other than medium-chain triglycerides, usually derived from coconut oil, no other tree nut-derived ingredients are used in Inner Boost and Balance. This product may be manufactured in a facility that uses tree nuts in other products. Please rest assured that according to CGMPs (current good manufacturing practices), the machinery is cleansed and sanitized between production runs to prevent contamination. If you have additional concerns about the use of this product, we encourage you to speak to your health care provider.

Q. Are ingredients derived from sesame used in Inner Boost and Balance?

A. There are no sesame-derived ingredients used in Inner Boost and Balance. This product may be manufactured in a facility that uses sesame in other products. Please rest assured that according to CGMPs (current good manufacturing practices), the machinery is cleansed and sanitized between production runs to prevent contamination. If you have additional concerns about the use of this product, we encourage you to speak to your health care provider.

Q. What order types can I use to purchase Inner Boost and Balance?

A. You can purchase Inner Boost and Balance by placing a one-time order.
