Affidavit of Religious Objection to Covid-19 Vaccine

To Whom It May Concern:

Minister Clayton Warichak, ordained as an independent Christian Clergy authorized by Christian Global Outreach Ministries to perform any and all Christian religious services, ministerial and evangelical duties personally appeared before the undersigned notary public and swore or affirmed as follows:

This letter is intended to challenge any and all COVID-19 vaccine requirements based on claims of Religious Exemption for Immunization Requirements as well as religious liberty as set forth in state and federal laws. On this basis, the COVID-19 immunization requirements violate the right to freely exercise religion as guaranteed by the First Amendment of the Constitution of The United States. I assert that any discrimination will be interpreted as a civil rights violation as protected and guaranteed to U.S. citizens and residents by legislation and by the Constitution.

I sincerely affirm that the COVID-19 vaccination is contrary to our religious beliefs, and that my objections to the vaccination are not based solely on grounds of personal philosophy or inconvenience.
